

MUSIC – MANDATORY

The aim of Music in Years 7 & 8 is to provide students with the opportunity to acquire the knowledge, understanding and skills necessary for active engagement and enjoyment in performing, composing and listening to music.

Students will develop knowledge, understanding and skills in the concepts of music through performing as a means of self-expression, interpreting musical symbols and developing solo and ensemble techniques. They learn to composing as a means of self-expression, musical creation and problem solving. The listening component will enable students to extend aural awareness to communicate ideas about music in social, cultural and historical contexts. Students will value and appreciate the aesthetic value of music and the enjoyment of engaging in performing, composing and listening.
