## INFORMATION UPDATE

### FROM THE BOARD OF MALEK FAHD ISLAMIC SCHOOL

Tuesday, 7 April 2020

Assalamualaikum

The Board hopes that at this difficult time that you and all members of the Malek Fahd Islamic School community are staying safe and healthy and managing to live and work within the current constraints as comfortably as possible.

We hope that you will all come through this safely.

We wish to acknowledge the hard and speedy work of all members of staff in making the School environment as safe as possible and in preparing teaching materials to ensure the students can continue with their learning, whether they are at school or working from home. This has been a massive task and credit must go, not only to Mr Rixon and the senior staff who have led this work, but to all teachers and other staff who have shown such a strong commitment to the students and their families.

The Board recognises that at this time some families may be experiencing some financial difficulties and may be wondering how they will be able to pay the School fees for Term 2.

The Board encourages any family in this position to contact Mr Rixon to discuss it and find an appropriate solution that will work for your family.

In the coming term, students will not be able to engage in excursions and similar activities that are covered by the School fees. In recognition of this, at its meeting last Friday the Board decided to reduce school fees for Term 2 for all students by 10 percent. We will review fees at the beginning of each School Term until life returns to normal.

While the School will not outlay money on excursions in the coming Term, it is expected that it will need to spend additional money on upgrading and increasing its IT infrastructure and support.

We need to ensure that all students continue to receive the best learning experiences possible during this difficult time.

Jazakallah Khairan for your ongoing support.

Wassalam

**DR JOHN BENNETT**

Chair
