INFORMATION UPDATE

FROM THE BOARD OF MALEK FAHD ISLAMIC SCHOOL

Tuesday, 3 August 2021

Assalamualaikum

The Board thanks all members of our School community for your efforts in dealing with the difficult situation caused by the current COVID-19 outbreak.

Parents and students

The lockdown makes it very difficult for families. On top of that, the move to home schooling adds pressure. Congratulations on how each family has gone about setting up arrangements to deal with the challenges as best they can.

Every family's circumstances will be slightly different so it is a matter of working out how things can work best for your family. As the situation continues, teachers will continue to provide learning materials and activities that can be undertaken at home.

The School Counsellors and welfare staff are also available to provide support.

Thank you to all families who are following the advice and programs prepared by our staff. Staff will continue their high level of support while restrictions are in place and until we return to normal.

Staff

The Board thanks every member of staff for your commitment to the education and welfare of your students.

This current situation already has had a greater impact than the disruptions of 2020 and you have risen to the task.

Teaching is a very rewarding career but one that can be challenging at times. The current situation certainly is a big challenge. Confronting such a challenge and overcoming it brings its own professional reward and satisfaction. You should be proud.

It is important to remember that every member of the staff, both teaching and professional staff, is critical in making things run smoothly. Our professional staff – administrative, finance, ICT, maintenance and security – also continue to provide great support to the School community at this time.

The Principal, Mr Rixon, and the senior staff worked very hard last term, during the holidays and since to establish and coordinate programs that work. We all are grateful for their leadership and commitment. Without their efforts, things would be far more difficult.

Moving ahead

As we know, the current situation is likely to go on for some time yet. The Board once again thanks every member of the School community for your efforts so far and strongly encourages you to follow the advice, procedures and programs that the School has put in place.

Finally, please follow the sound advice of the nation's leaders and health professionals... stay home, stay safe and keep well!
