Dears Parents/Guardians,

*Assalamu alaykum wa rahmatullahi wa barakaatuhu*

## MATHLETICS / READING EGGS, YEARS K – 6

Mathletics is a web-based learning program which integrates home and school learning via the internet. Mathletics is syllabus based and is both engaging and highly motivational for students. Teachers can also access explicit teaching strategies through the program. This program allows children to access material at their own level. Teachers set tasks that can be completed both at school and through computer access at home for homework.

Feedback regarding the student's grasp of concepts is instantly available to teachers and programs can be adapted to meet student needs. Children have the opportunity to compete with other students from around the world in mental arithmetic games. They can score points through games and tasks and these points accumulate, resulting in the award of certificates.

Reading Eggs is also implemented at MFIS. This is an innovative online, interactive literacy program. It supports each child's learning by offering individual, one-on-one lessons that allow children to progress at their own rate.

The cost for your child to access both the Mathletics and Reading Eggs components in 2017 is at a heavily discounted cost of **\$50.00**. Please note that this cost will be included in the Term 2 fees and is **compulsory** for all K-6 students as it is an essential component of their learning at our school.

The school will aim to continue to provide quality educational programs for our students. We appreciate your support and look forward to continuing to provide quality programs for your children.

Wasalaam

Ms P. El-Ahmad  
Head of Campus
