Assalamu Alaykum WRWB

Ramadan Mubarak to all the primary school families.

As you may now be aware, our School is progressively working towards a return to face to face schooling for our students. At the forefront of our planning is the safety and wellbeing of the Primary school community, as such we are implementing a controlled and staged plan to slowly return students to school, in a way that will support and consolidate their knowledge and skills in literacy and numeracy as well as to ensure the health of the staff and students at the school. Phase 1 will begin on Monday May 11, Week 3, and will include the Infants classes in the first instance. Phase 2 for the primary school will begin on Monday 18 May, and will include the primary classes, grades 3 – 6. Classes will be split into half classes, a group A and a group B. The purpose is to provide intense teaching and learning experience in order to consolidate and support students' knowledge and skills in literacy and numeracy. Smaller groups will also help to ensure social distancing.

All parents will by now have received an email message informing of the day your child has been scheduled for face to face teaching at school. If you have not received an email yet, please contact the primary office.

Students not attending.

You may decide to not send your child to school during this transitional phase. For these students, remote learning will be available, including the days that the students are scheduled to attend School.

Attendance on Non Scheduled days

As we have done throughout the crisis, the School will continue to provide supervision for students who need to attend school on days other than their scheduled face to face learning days. Students who attend on their non scheduled days will be supervised by staff other than their own class teacher. These students will be expected to continue with remote learning.

Social Distancing and drop off and Pick up

To assist with social distancing and wellbeing, please do not gather in groups. To help with social distancing the start time for primary will be at 9:00am and finish time will be at 1:30pm. In the morning, staff will be on duty at the pedestrian crossing to assist your child, as it is strictly drop off and pick up only. Please do not go to your child's class for pick up, instead K – 2 students will be picked up from the drop off and pick up area. Years 3 – 6, will be dismissed from class as usual. You can help us keep everyone safe by arriving on time to pick up your children, and leaving promptly.

If you need to go to the office, or to see a teacher, please call the school with your enquiry instead.

Please be mindful of your child's bag, and avoid returning all the books to school at the same time. This will make it easier for your child to carry their own bag without assistance.

Students feeling unwell

If your child is sick, they **must not** attend School. You must keep them at home and away from others. It is important that parents remind their child that, if they feel unwell, they tell you before coming to School. If they are at School, they must tell their teacher immediately. Remember to maintain physical distancing from other parents and teachers when at School, including at drop off and pick up.

Any child who is unwell will be isolated and parents will be required to collect their child to take them home.

Further updates will be provided as the situation changes and InshAllah improves. In the meantime, stay safe, be kind and stay healthy.

Wasalam
